DAILY BRIEF / 16 OCT 2026

Today's conclusions and decisions

Three checks for today

Published FX references rose. Refresh procurement quotes. For agri-food events, the useful outcome is clear quality, quantity and payment terms—not attendance alone.

Refresh budgets after the FX move

MRP's USD sell reference rose from MMK 4,565 to 4,650 between 14 and 15 Oct. It is a previous-day reference. Obtain a fresh, comparable quote before paying.

Make agri-food trade terms concrete

Today's Food Systems Forum addresses agri-food constraints. Attendance requires approval. Commercial deals or improvements in supply have not been verified.

[Evidence and analysis →](#)

Check next week's fair and course intake

The edible-oil fair runs 20–22 Oct; vegetable and seed-production training opens registration on the 20th. These are different kinds of dates.

02 / MARKET

FX: refresh the procurement quote

Remittances, local-market references and CBM series serve different purposes. A displayed gap is not automatically a profit or a final amount received.

Kyodai Remittance · MMK / JPY 1

Cash pickup	Bank account	eWallet
25.0500	25.0813	25.1000

MMK per JPY 1. Display: 2026/10/16 10:58:22 AM; timezone unspecified. Retrieved 16 Oct, 08:30 MMT. Amount-specific conditions not displayed. Reference rates, not net receipts including fees; processing rates may change.

[Kyodai · 16 Oct 2026 ↗](#)

Local-market reference: Market Rate Plus

MMK / 1	Buy	Sell
USD	4,550	4,650
JPY	28.80	29.55

Previous-day reference, updated 15 Oct; retrieved 16 Oct, 08:30 MMT. Buy/Sell are the provider's foreign-currency buying/selling directions. Original shop, cash-counter equivalence and transaction terms are unverified. Not a guaranteed quote.

[Market Rate Plus · 15 Oct 2026 ↗](#)

CBM · 15 Oct 2026

MMK / 1	Reference	Market
USD	2,100.00	3,660.00
JPY	13.2911	23.1646

Published 15 Oct. Original JPY figures per 100 yen: 1,329.11 / 2,316.46, divided by 100 here. Reference / market trading rate; not cash prices.

[CBM · 15 Oct 2026 ↗](#)

Analysis: MRP Sell rose by MMK 85 per USD (+1.86%) and 0.69 per JPY (+2.39%), 14→15 Oct. Hypothetically, buying USD 1,000 at those quotes costs MMK 85,000 more, excluding fees. This is not realised trading profit or loss.

02 / MARKET

Markets for daily life and business

MYANPIX · MAIN BOARD

823.25

15 OCT 2026 · 13:00 MMT

14 → 15 OCT 2026

-1.18%

833.07 → 823.25 · -9.82

Published observations for 15 Oct: CSO for gold, rice and fuel; YSX for equities. These are not 16 Oct shop prices.

Item	Published value	Original unit	vs 14 Oct
Gold / 24K, Yangon	7,100,000	MMK/tical	0
Rice / Emata Medium, Sinthwe Old	4,800	MMK/pyi	0
Rice / ShweBo Pawsan Medium, Old	8,500	MMK/pyi	0
Fuel / Yangon 92	20,678	MMK/gallon	0
Fuel / Yangon diesel, non-premium	22,500	MMK/gallon	0
Equities / MYANPIX, Main Board	823.25	Index	-9.82 (-1.18%)

Gold: Shwe Bon Thar Street market; shop and buy/sell side unspecified. Fuel shops also unspecified. No gallon-to-litre or pyi-to-kg conversion. YSX: latest business-day close, 15 Oct 13:00 MMT; separate from the Pre-Listing Board.

[CSO · 15 Oct 2026 ↗](#)

[YSX · 15 Oct 2026 13:00 MMT ↗](#)

Government-bond price: unverified. Latest original auction rate/yield result: not retrieved. Neither a daily bond price nor a zero rate is inferred.

Analysis: matched gold, two rice and two fuel series were unchanged, 14→15 Oct. That does not establish unchanged prices at every shop. MYANPIX fell 1.18%. Same-day FX and equity moves alone establish neither causation nor the state of the whole economy.

10 / AGRICULTURE & FOOD

Agri-food: from talks to trade

Fact

The Myanmar Agri-food Week website lists the Food Systems Forum today, 16 Oct, at Wyndham Grand Yangon. It is the flagship forum of the 12–16 Oct programme. Separate attendance approval is required. The announcement date is not stated; outcomes are unverified.

01

Buyer specifications

02

Volume and logistics

03

Terms for a small trial

Analysis

Producers, processors, logistics operators and retailers are affected. Sharing constraints does not establish workable trade. Unclear grades, storage temperatures, delivery, acceptance and payment timing leave waste and working-capital exposure difficult to estimate.

Suggested checks

1. Select one product and ask a buyer for quality and volume requirements.
2. Check transport and storage limits, plus payment timing after acceptance.
3. Document cost allocation, returns and a review date for a small trial. This is an editorial proposal, not evidence of demand.

10 / FOOD & CONSUMPTION

Edible oil: compare the full cost

Fact

GNLM reported on 15 Oct that industry association MEOMA plans an edible-oil fair on 20–22 Oct in Yangon: Min Ye Kyaw Swar Street, Lanmadaw, and Yanshin Street, Yankin. Groundnut, sesame and sunflower oils are among the products reported.

01

Same type and net amount

02

Quality, expiry and returns

03

Total delivered cost

Analysis

Households, restaurants and food processors can compare suppliers. The report describes participating local mills as FDA-certified; individual product labels and available stock remain unverified. An event alone establishes neither lower market prices nor better value.

Suggested checks

Compare the same oil type, purity and net amount. Check production and expiry dates, packaging, certification labels and returns. Divide total cost including delivery by actual quantity, then compare with normal procurement. Do not convert viss to litres without a valid basis.

05 / EDUCATION · REGISTRATION

Vegetable training: registration opens 20 Oct

GNLM, 15 Oct: the Vegetable and Fruit Research and Development Centre (VFRDC) in Yemon, Hlegu, plans theory and practical training from vegetable cultivation to seed production. Registration opening is not a closing deadline.

Registration opens

20 OCT 2026

Course dates

1 NOV 2026

→ 28 FEB 2027

Location

VFRDC

Yemon, Hlegu

Yangon

Who may find it relevant

A possible option for vegetable and seed producers or people seeking structured cultivation training. This does not establish individual eligibility.

Check before applying

The report says first-come, limited places. Capacity, fees, eligibility, application method and opening time are unverified. Check four months of attendance, work commitments and costs.

Suggested decision test

Match the crops and practical syllabus to your needs. Confirm coverage for busy periods and the total cost. Higher yields or improved profits are not guaranteed.

Briefs: school power and rehabilitation

School solar equipment: output needs a separate check

GNLM reported on 16 Oct a 15 Oct handover at Insein Basic Education High School No. 6: 54 panels, three inverters and six batteries.

Analysis and checks: equipment counts do not establish operating hours. The report's output unit is unclear, so it is not reproduced. Separate kW, kWh, usable battery energy, load and warranty when considering a system.

[GNLM · 16 Oct 2026 ↗](#)

Myitkyina rehabilitation: totals versus access

GNLM on 16 Oct, citing the Swiss embassy, described a visit to a Myitkyina rehabilitation facility. The 170 beneficiaries in 2026, including 75 receiving assistive devices, are year-to-date figures—not this week's activity.

Analysis and checks: confirm eligibility, referrals, fees and waiting time directly with the facility. The article does not establish immediate access. Capacity and users' experience have not been independently verified on site.

READER CHECKLIST

Before committing: three checks

Make agri-food trade terms concrete

General registration and forum approval are separate. Do not assume admission without approval. Hold major orders or investment while counterparties, quality, delivery or payment terms remain unresolved.

[Agri-food: turn discussion into terms ↗](#)

Edible-oil fair: compare more than price

Opening hours, prices, purchase limits, exact stalls and the association's original notice are unverified. Check the organiser's current information before visiting. Avoid bulk buying on price alone when quality or storage conditions are unclear.

[Edible-oil fair: compare more than price ↗](#)

Separate references from payment

Before paying: compare the same amount, time and receipt method, including fees and settlement terms. A movement in published references is not your realised gain or loss.
